DRINK MENU

Chinese Food has a complex relationship with wine. This complexity presents both the challenge and opportunity to pair it with wines that are equally complex and unique, sometimes eccentric but always exciting.

We have put together a selection of wines that are great pairings with Chinese Food. We have included some renowned names from home grown wines in Niagara Region.

The magical moment of a perfect pairing is a pursuit of pleasure; we understand that in this busy world you may not always find time in your schedule for this pursuit. That's where we come to help.

At Chili Jiao, we take pride in serving you the best, and that philosophy leads us to strive to find winemakers who are as passionate as we are. They work with nature to transform the grape juice into something beyond a beverage. We want to pour that passion in your glass.

We hope you enjoy your experience.
